Its true enough that these my thoughts and opinions on things, are of a religious nature. But it is also true that in it are segments pertaining to everyday life, that in one way or another affect us all. I realize that it is an odd mixture, but then again, why not. The person reading this book can understand the different aspects of life and see things in a different light. The one hope I have is this, that through this book I may enlighten a few people and to make others aware that they are not alone in their thoughts or state of mind. It is not my goal to convert anyone to my way of thinking, only to open a door through which a person may enter in and see a different world other than the one that he or she may be use to. There is an urge in most of us to leave something behind after we are gone, to be remembered by, for me it are the things I wrote about, may it be to good use even if it is only for one person. I would like to dedicate this work to my wife Catherine who passed away on the 22nd of May 2003 and put up with me all those years. This item ships from La Vergne, TN. Paperback.
