Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The Bibliography of Shorthand This work, which has far exceeded its proposed dimensions, comprises a list of all known printed works and manuscripts on Stenography and Phonography, by English, Colonial, and American authors, including shorthand periodicals in progress or discontinued; works printed or written in Character; and the best magazine and newspaper articles treating of the history, literature, and polemics of Shorthand. It also contains entries of select Latin works on the so-called Ciceronian or Tironian Notes, - that ancient system of swift writing, which (whether of Greek or Roman origin) preceded, by a cycle of nearly two thousand years, the Characterie of Timothy Bright, in A.D. 1588, - the epoch when the minor, but more glorious cycle of three hundred years commenced. Throughout the work have been added brief notes on early Systems, and rare books, pamphlets and manuscripts, with their present location in public and private libraries indicated, particulars about authors, remarks on the early professional use of shorthand, corrections of the mistakes of previous writers dealing with the history and literature of the art, and other items of information serviceable alike to the scholar and the book collector. Shorthand proper being the main feature of the book, I have endeavored to make its Bibliography complete and almost exhaustive, as far as the English language is concerned, to the time of holding the International Shorthand Congress. I have thought fit, however, to comprise select works on kindred subjects, which, for various reasons, I believe, will be considered of value to the student of shorthand literature. These subjects are Abbreviated Longhand; Alphabets, especially in relation to their origin; Cryptography, both on Ciphering and Deciphering; Universal...
