Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.I have had a problem with weight gain since the age of 15. I had tried all of the fad diets, exercise, and fitness routines that have trended for years. It was not until I was at the age of 40, that I discovered the benefits of eating foods that would help control my weight. Still, my health began to decline, and I was diagnosed with diabetes. I made the decision to spread this knowledge to my family and friends about 10 years ago. I have since seen their lives dramatically changed by eating the right foods, at the right time. Our bodies were not designed to consume the "normal" amounts of food that we have grown up eating. Early man was able to eat, only when he hunted down game, or ate what he had planted! Never "three squares per day" Within these pages, you will discover what scientific evidence supports the intermittent fasting lifestyle. If you follow...
